

Anthony Byrne – (ROI)

Anthony Byrne, Dip- P; H-Dip-AP; Dip-OHS, M.Ed.

My name is Anthony Byrne, Vice Chair Person of Rescue Organisation Ireland (ROI), I am a medical/trauma assessor with ROI and World Rescue Organisation (WRO). My day job is the Senior Tactical Manager, with responsibility for daily Tactical and Operations response of the National Ambulance Service (NAS) Nationally to all emergencies within the Irish Republic including response to Major Emergencies. I have a keen interest in Tactical and Strategic Emergency Management, CBRN and represent NAS on Interagency/ Health Service Executive committees developing protocols and procedure for Major Emergency Response.

My professional qualification includes a Diploma- Paramedic; Higher Diploma - Advanced Paramedic, University College Dublin; Master's (Hons) in Education, Trinity College Dublin; Lean Six Sigma (Green Belt) and Diploma Occupational Health & Safety.

I am a registered Pre-Hospital Emergency Care – Clinical Education Facilitator since 2016 and practicing Advanced Paramedic since 2008. Over my 24 years experience in EMS I have developed and implemented programmes of education and curriculum within NAS and have project managed the implementation of equipment and clinical care programmes in Pre- Hospital Emergency Care both in Ireland and in Pakistan working voluntarily with Disaster Relief Pakistan developing EMS curriculum, regulations and organisational structures.
