

Paul Hamer - UKRO

Assistant to Extrication Lead / Advisor / Support for Croatia;

World Rescue Challenge Croatia '25

I have served as an Operational Firefighter and Instructor in the UK Fire and Rescue Service for 34 years, including time as a lead Instructor at the Fire Service College for Road Traffic Collision (RTC) training. My experience includes collaborating with UKRO on various projects, such as contributing to the EXiT program and developing new qualifications for UK FRS in the RTC field.

Over the past three years, I have worked with the team from Karlovac, this year's host, to deliver the Croatia National Extrication Challenge and am prepared to support their efforts in hosting WRC'25.

I have acted as an extrication assessor for approximately ten years, with experience in both technical and command assessments.
