

## **Fabian Hoffman**

Fabian Hoffman has 32 years of experience in the Emergency Medical and Rescue Service since 1994. Presenting Rescue courses for 17 years' experience in the pre-hospital environment and Advance Rescue Technician 17 years' experience as a rescue instructor, working also as an Advance Medical Rescue Technician.

I am a Sector commander in the rescue field where I guide teams in operations and specialized incidents. I play a big role in the medical rescue training environment where I train the 12 rescue modules for candidates to become an Advanced Rescue Technician.

Join South African Medical Rescue Organization (SAMRO) and become a world rescue assessor in 2016 for Command, Technical and Medical. I have been an assessor for several events, regional, national and international, including WRC. In 2018 I was selected as lead trauma assessor for the World Rescue Challenge that was held in Cape Town

### **World and National Challenges:**

Lead Trauma 2018

Medical Assessor 2019 France

Technical Assessor 2023 Dubai (National Challenge]

September 2025 appointed as Head of Operational Coordination,  
National and International for SAMRO.

For me is an honour to have been selected as an international assessor again for Brazil 2026, and I'm excited to share knowledge and skills with you at this event. See you soon in Brazil.
