

## Experience

---

### United Kingdom Rescue Organisation – UKRO

*Regional & National Assessor (Deputy Lead) 10yrs to date*

**UK RO UNITED KINGDOM  
RESCUE ORGANISATION**

I am the United Kingdom Rescue Organisation (UKRO) Deputy Lead Medical/TRAUMA Assessor; I have worked for UKRO 10 years delivering at Regionals and National competitions, over this period my operational experience as a Paramedic and within the Fire & Rescue Service, has provided me with skills that I bring to all areas of my work with UKRO.

I provide a national lead role for the UK fire service within the National Fire Chiefs Council (NFCC) as Casualty Care lead. This role allows me to support UKRO education and assist with the development of key areas of practice, helping to develop UKRO platforms and ensuring we are at the forefront of development and education for UK Fire services.

Within our team I support all assessors and manage UK Fire services to develop their teams prior to the regional & National events.

#### Key Areas of Practice:

- Assessor at regional and national events
- Develop and shadow new assessors at regional and national level
- Support UKRO Directors
- Review & develop current and future medical scoring criteria
- Organise the medical teams
- Deliver educational workshops
- Ensure structured feedback is in place for all teams
- Develop & mentor new teams

*I have recently completed WRO assessing for the 2025 & 2026 Trauma challenge at the National Croatian Rescue challenge in Karlovac and Split, It was great to work with international assessors, interpreters and support the development of teams.*

*I look forward to 2026 Brazil, and the pleasure of assessing and supporting the world's best teams, good luck to you all..*
